Along the Waterline

2025

Edited six short films and 18 cutdowns for a community heritage series. Delivered horizontal masters, vertical versions and frame-accurate captions.

Summary

Film and video editor for documentary and branded productions. Develops story assemblies from transcripts and rushes, coordinates review rounds, and prepares masters and accessible versions for delivery.

Experience

Lead Video Editor

North Shoal Pictures | 2020-10 – Present

- Shaped interview-led edits from transcript selections and archival footage. Logged disputed claims for producer review during rough cut.
- Checked archival and interview clearances against the release register. Flagged unresolved shots before sending the locked cut to sound and colour.
- Compared delivery masters with platform specifications. Checked audio peaks, caption timing and picture after final conform.

Assistant Editor

Glass Alder Post | 2016-09 – 2020-09

- Synced camera and production audio, prepared proxies and maintained project bins for two edit suites.
- Conformed locked timelines and prepared reference exports for sound mixers and colourists.
