Summary

Bench technician repairing clarinets, saxophones and flutes for schools and performing musicians. Documents condition at intake, agrees the repair scope and play-tests instruments before return.

Experience

Woodwind Repair Technician
Copper Willow Instrument Workshop | 2020-10 – Present

- Serviced 46 school instruments before term start. Grouped repair work by urgency and kept a spare-instrument list with the music department.
- Traced recurring low-note leaks on six saxophones. Recorded pad seating and key movement before and after adjustment.
- Sent photographs and revised estimates when hidden damage changed the agreed scope. Obtained customer approval before extra work.

Instrument Bench Assistant
Aster Bridge Music Repairs | 2017-03 – 2020-09

- Completed intake checks and identified parts by maker and model before allocating work to the bench.
- Logged play-test findings and return dates on school rental equipment with the senior technician.
