Clarice Wenford

Nursing Instructor · Clinical Skills and Simulation

nursing-instructor@example.test
Brisbane, Australia

Teaching outcomes

74% to 88% — First-attempt pass rate across two intakes using the same assessment rubric.

Six simulation stations — Revised with nursing faculty to standardise assessor prompts.

Summary

Nursing educator with a background in inpatient care. Designs simulation, coordinates skills assessment and works with placement supervisors to prepare students for clinical experience.

Experience

Nursing Instructor

Banksia Reach Institute of Nursing | 2020-02 – Present

- Revised six simulation stations after reviewing assessor feedback. Added consistent prompts and a checklist for observable student actions.
- Improved the first-attempt pass rate from 74% to 88% across two intakes using the same rubric. Recorded scheduled reassessments separately.
- Led an assessor calibration session before each practical assessment. Documented disputed examples and agreed scoring decisions with the course lead.

Clinical Nurse Educator

East Brindle District Hospital | 2015-04 – 2020-01

- Prepared orientation resources with placement supervisors and reviewed attendance against mandatory teaching sessions.
- Coached new staff on documenting handovers. Referred unit-level competency sign-off to the delegated supervisors.

Education

Master of Nursing Education

Silver Wattle Graduate College | 2018
