Jordan Elias Walsh

Paramedic · Emergency Response

paramedic@example.test · Adelaide, Australia

Field practice evidence

11 to 3 missing observations — Across comparable monthly samples of 50 handovers.

Eight debriefs — Peer-reviewed sessions focused on communication and scene coordination.

Summary

Ambulance paramedic with day and night response experience across metropolitan and regional assignments. Coordinates safe access and handover with dispatch, allied responders and hospital staff. Contributes to documentation improvement and supports newer colleagues during supervised shifts.

Experience

Emergency Response Paramedic

Southern Saltbush Ambulance Service

2021-05 – Present

- Respond to urgent calls across metropolitan and adjacent regional coverage areas. Assess the scene, communicate changing priorities and brief the receiving team about unresolved concerns on transfer.
- Reviewed handover record quality with the station educator. Introduced a reference card and rechecked the next 50 cases. Missing observations fell from 11 to 3 between the two monthly samples.
- Coordinated arrival and access with fire crews at shared incidents. Confirmed the designated incident lead and checked that dispatch received updates when access or conveyance plans changed.
- Facilitated eight station debriefs on communication and scene coordination. Shared recurring themes with the educator while keeping case details within the authorised review.

Graduate Paramedic

Cedar Inlet Emergency Transport

2018-12 – 2021-04

- Completed supervised response shifts in rural and outer-metropolitan stations. Used feedback from mentors to improve structured handover and update timing.
- Prepared equipment and vehicle readiness records at the start of each shift. Logged recurring faults and verified replacement stock with the duty officer.
- Delivered community talks with the education team at six venues. Explained when to seek emergency help and referred questions outside the session scope to the programme lead.

Education

Bachelor of Paramedicine

Karri Plains University

2018

Skills

Prehospital assessment · Operational handover · Scene coordination · Documentation audit · Crew debriefing · Equipment readiness
