Projects

Repeat-run setup records

2025

Recorded approved ink and delivery settings for ten repeat carton jobs. Median setup waste fell from 210 to 145 sheets on the same two board grades.

Experience

Sheetfed Offset Operator

Lee Orchard Printworks | 2022-04 – Present

- Ran a five-color sheetfed press and compared pull sheets against the signed proof before submitting the first-off sheet for approval.
- Stopped a run after a coating blemish appeared on consecutive checks. Held the affected stack and documented the point where good output resumed.

Press Assistant

Oak Quay Packaging Press | 2018-08 – 2022-03

- Staged plates and board against the job ticket and verified the artwork revision before mounting.
- Recorded sheet counts at shift handover and separated approved work from stock awaiting inspection.
