Faris Imran Rahman

Utilities Construction Supervisor

utilities-construction-supervisor@example.test
Abu Dhabi, UAE

Experience

2021-03 – Present **Utilities Construction Supervisor**
Cedar Quay Civil Works

- Led three utility crews across seven live work fronts. Sequenced closures with traffic marshals, inspectors and neighbouring contractors.
- Used a rolling permit and inspection plan to lift first-visit acceptance from 29 to 35 of 40 inspected reinstatements across comparable delivery phases.
- Tracked 46 service crossings against permit drawings. Raised unclear positions with the engineer and kept unresolved locations out of the daily release.

2017-05 – 2021-02 **Civil Works Foreperson**
Dune Cypress Contracting

- Allocated labour and equipment for drainage and duct installation. Recorded quantities and delays for the supervisor's daily report.
- Kept inspection hold points visible on the crew handover. Worked with the surveyor to record checked locations before reinstatement.

Skills

Crew supervision · Permit coordination · Inspection planning · Daily reporting

Summary

Frontline civil works supervisor coordinating crews and subcontractors on utility replacement packages. Verifies that permits, access and inspection records are ready before work proceeds. Keeps the site engineer informed about constraints and deviations.

Education

2016 **Diploma in Civil Construction**
Gulf Horizon Technical College

Languages

English · Urdu · Arabic
